Eric R. McQuiston LLC offers landscape design and construction services to residential and commercial customers in Southeast Louisiana. No matter how large or small your project may be, Eric has the skills and experience to see it through to completion.

In addition to planting, irrigation and horticultural knowledge, Eric is an expert in the creative design and construction of hardscape elements like patios, decks, walls, pergolas and even outdoor kitchens and theaters. Eric has also designed water features from small urn fountains to large, public swimming pools and water parks. Chances are that if you can dream it up, it can be done!

MISSION:

+ Provide the finest Landscape Architecture and construction services to our clients.

+ Play a role in the 'Smart Growth' and wise development of the Northshore region and Southeast Louisiana.

+ Promote the profession of Landscape Architecture within our community and region.

Project Visioning

Many projects start out as little more than an idea. Defining and communicating those ideas to others, especially investors is crucial to the success of the project.

By working closely with the client and through research and design, ERM LLC has assisted numerous public and private entities in creating a vision for thier ideas.

Master Planning

No matter the size or scope of your project, decisions are made easier with a Master Plan as a guide and framework for the project to develop.
