Re: Bayou Bed and Breakfast Pool Design

Mr. Cruz,

It was a pleasure to communicate with you about your plans to construction a pool at the subject location. Dammon Engineering, Inc. is pleased to propose our Engineering services to provide you with plans for permitting with the Louisiana Department of Health.

We propose a fee of \$3,200.00 to design the pool systems for permitting with the Louisiana Department of Health. Please note that this fee is for the *submission of plans to the State Board of Health only*, and *does not include* the pool foundation or any other engineering designs. This fee also *does not include* the cost of survey, topo, soils analysis, drainage studies, wetlands determination, or any engineering studies or government required studies and/or fees.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

If you have any questions please contact me.

Thank You,

David Dammon  
President
