9.7 FAILURE OF PAYMENT

Delete Subparagraph 9.7.

9.8 SUBSTANTIAL COMPLETION: Delete this entire section and substitute the following:

9.8 SUBSTANTIAL COMPLETION

9.8.1 Substantial Completion is the stage in the progress of the Work when the Work is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use and when all required occupancy permits, if any, have been issued and copies of the same delivered to the Owner.

The Architect shall determine if the Project is substantially complete in accordance with the Contract Documents.

9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment and request the Architect's review. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

9.8.3 The Work will not be considered suitable for Substantial Completion review until a) all Project systems included in the Work are operational as designed; b) designated instruction of the Owner's personnel in the operations systems has been completed; and c) all finishes within the Contract Documents are in place.

In general, the only remaining Work shall be minor in nature, so that the Owner may occupy the building on a certain date and the completion of the Work by the Contractor will not materially interfere or hamper the normal business operations of the Owner. A further prerequisite to the Work being accepted as Substantially Complete, is the Owner's receipt of the Roofing Manufacturer's warranties, where roof Work is a part of the Contract, and all other Required Warranties and Operating and Maintenance manuals

9.8.4 Upon receipt of the request for review and Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. The Contractor shall also notify the Architect when the Project is ready for inspection by the State Fire Marshall's Office. The Contractor and his mechanical, electrical and fire alarm/fire suppressive Subcontractors shall attend all inspections for Substantial Completion and inspections for occupancy conducted by the Louisiana State Fire Marshal, and other local officials.

If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is **not** sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such items upon notification by the Architect. In such case, the contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion. The Architect will make only two (2) such inspections to determine Substantial Completion, after which the Contractor shall pay the Architect at the rate established in the Owner-Architect Agreement.

9.8.5 In addition to the inspection described in 9.8.4, upon receipt of the Contractor's list described in 9.8.2, the Architect shall prepare a "Punch List" of exceptions and the dollar value of each item. The monetary value assigned to this list will be **twice** of the estimated actual value of the items to be completed or corrected. Cost of these items shall be prepared in the same format as the schedule of values. No funds assigned for the Punch List value shall be due the Contractor until all the Punch list items are completed and accepted by the Architect.

If the dollar value of the Punch List exceeds the remaining Contract Sum less the retainage amount, then the Project shall not be accepted as substantially complete.

As a further condition of obtaining certification of Substantial Completion, the Contractor shall certify that all remaining Work will be completed within Forty Five (45) consecutive calendar days following the date of Substantial Completion, or as otherwise agreed upon.

If the remaining funds are less than that required to complete the Work, the Contractor shall pay the difference within 10 calendar days of notice thereof.

9.8.6 When the Work or designated portion thereof is substantially complete as determined by the Architect, the Architect will prepare a Certificate of Completion that 1) shall establish the date of Substantial Completion, 2) shall establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work, and insurance, and 3) shall fix the 'punch list period' of forty-five (45) calendar days or such other agreed upon period within which the Contractor shall finish all items on the Punch List accompanying the Certificate.

Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

9.8.7 The Certificate of Substantial Completion shall be submitted to the Owner and the Contractor for their written acceptance of responsibilities assigned to them in such Certificate.

Upon receipt of a fully executed Certificate of Substantial Completion with an attached Punch List, the Contractor shall record the Certificate of Substantial Completion, within 72 hours of issuance with the Clerk of Court in the Parish of Ascension, Louisiana and provide the recording information to the Owner and Architect.
