REGULATIONS

33USC 1321 Sec. 4202 Clean Water Act
40 CFR Part 112 - Oil Pollution Prevention
LAC 33:IX.901-907 - Spill Prevention and Control

Under the Clean Water Act, a facility is required to develop and implement a Spill Prevention and Control Plan if the facility stores oil and/or oil products in certain threshold quantities, and a spill could conceivably reach a water of the United States.
