When they send you a confirmation, or an invoice, I'll write a check. Or, if you want to pay it, I can reimburse you directly to get it started. I also need to stop your payroll deductions until it's caught up with payments. After that, it'll be a much lower deduction per paycheck, so that's awesome.

Good news, I just got health insurance through Alera Care for 319.00 a month. I paid out of pocket for the first month (won't start till 1st of may) \$444.00 includes first months fee and one time sign up fee of \$125.00. Let me know what I need to do next.
