

Architects / Engineers Application
NEW APPLICANT RENEWAL CLIENT

PREFACE

This application is for professional liability insurance that is provided on a claims-made basis. The policy applies to claims arising out of your professional services performed on or after any retroactive date shown in the policy, and is subject to all policy terms, conditions, declarations and endorsements.

The policy contains a provision permitting claim expenses, including legal defense costs, to be applied against the deductible. Subject to restrictions in certain states, the payment of claim expenses reduces the Limits of Insurance available to pay claims and the Company has the right to designate legal counsel and uses panel counsel, as needed, for claims covered by any insurance provided.
