RE: Data Communications, TV and Security Camera Cabling for the Slidell Senior Citizen building at  
610 Cousin St, Slidell LA

To Whom It May Concern:

Dammon Engineering is pleased to propose our design services for the design of data communications, TV and security camera cabling.

We propose to furnish a design package to install Ethernet, coaxial cabling and triaxial cabling for the approximately 10,978 s.f., Slidell Senior Citizen building.

We propose a total design fee of \$1,976.00 (One Thousand Nine hundred and Seventy-Six dollars)

Please note that our fee does not include the State Fire Marshal review fee if required (When Mag locks are installed a State Fire Marshal review may be required), nor does it include the IBC review fee if required. Dammon Engineering will provide you five sets of plans once the project is complete.

We appreciate the opportunity to propose our services and we look forward to working with you on this project. If you have any questions, or require any further information, please feel free to call.

Sincerely,

David Dammon, VP  
Dammon Engineering, Inc.
