Dear Davida Brown

It was a pleasure to discuss with your new Daycare facility to be located at the above address. Dammon Engineering, Inc. is pleased to propose our services to redesign the existing 2125 sq. ft. building into a Daycare Facility to pass State and local codes for occupancy.

We will provide a renovation design package, including Site Plan, Floor Plan, Plumbing, Mechanical and Electrical plan. This does not include any design work for the rear garage/building.

We propose a total fee of \$6,500.00 (Six Thousand Five Hundred Dollars) including three sets of plans provided to you following design completion, along with pdf's of all drawings.

This fee does not include the cost of soils analysis, Fire Alarm, Sprinkler Systems or other government agency fees. This fee also does not include the cost of the landscaping plan, survey/topo, drainage plan of the site, traffic study, or other engineering studies, which may be required. This fee also does not include any Construction Management.

We require a deposit of \$2,500.00 and will bill at 100% design for the balance after Fire Marshall Approval.

Unless this offer is previously accepted, it will be withdrawn automatically at 5:00 p.m., 30 days from the date of issue.

We look forward to working with you on this project. Please indicate your acceptance of the above by signing below. If you have any questions, or require any further information, please feel free to call.

Sincerely,

Chuck Dammon, Vice President
